

Kanohi Checklist 1

Great and Noble Masks

This checklist details the original 72 masks – worn by the Toa and Turuga – released in 2001. With a little luck many Kanohi collectors should be able to complete this basic set. However, as you will discover, there are many more masks to search for and acquire.

Quest for the Masks

Kanohi are an integral feature of the Legend of Bionicle and every character or creature has its own signature mask. Kanohi vary in design and color and grant the user special powers or, if tainted by Makuta, they may enslave the wearer until the mask can be removed by another.

Three Kanohi checklists have been designed to help identify and assist Kanohi collectors. This first list covers the basic set of 72 masks. Checklist 2 covers the Matoran and Rahi masks and Checklist 3 lists Special masks including the European Misprints. To date there is a total of 117 masks to collect although it seems unlikely that many of us will ever be able acquire all of these.

Great Masks of Power

Each Toa must collect six Great Masks of Power, so that together they can defeat Makuta and fulfill their destiny. Each Great Mask of Power grants the wearer new power and wisdom.

-  **Kanohi Hau** *The Great Mask of Shielding*; will provide protection against any attack the user is aware of, but not against ambush.
-  **Kanohi Miru** *The Great Mask of Levitation*; allows the user to float and glide on air.
-  **Kanohi Kakama** *The great Mask of Speed*; allows the user to cover great distances in the blink of an eye.
-  **Kanohi Pakari** *The Great Mask of Strength*; increases the user's brute physical power.
-  **Kanohi Kaukua** *The Great Mask of Water*; allows the user to breathe underwater.
-  **Kanohi Akaku** *The Great Mask of X-Ray Vision*; allows the user to see through walls and discover that which is hidden.

Noble Masks of Power

These masks do not possess as much energy as the Great Masks of Power, but they too are vital to the Toa's quest. The Noble Masks of Power can be worn by both the Toa and Turuga, and each Toa must collect six Noble Masks.

-  **Kanohi Huna** *The Noble Mask of Concealment*; allows the user to turn invisible.
-  **Kanohi Mahiki** *The Noble Mask of Illusion*; allows the user to create illusions to deceive an opponent or to escape detection.
-  **Kanohi Komau** *The Noble Mask of Mind Control*; allows the user to command others to do the user's bidding!
-  **Kanohi Ruru** *The Noble Mask of Night Vision*; gives the user the power to see in any level of darkness.
-  **Kanohi Rau** *The Noble Mask of Translation*; allows the user to read the ancient languages, runes and symbols.
-  **Kanohi Matatu** *The Noble Mask of Telekinesis*; allows the user to move objects and project force by thought. The stronger the thought, the stronger the power!

1 Kanohi Kaukua is formed from translucent plastic and as a result differs in color to the Kanohi within each colored set for each Toa.
 2 Mask Codes are visible on the back of each mask used, in conjunction with Can Codes printed on the Toa canisters, to access hidden features of the Lego Bionicle web site www.bionicle.com.
