*Cordially invites all health care providers*

## **Recent Advances in the Management of Menopausal Vasomotor Symptoms**

### Learning Objectives

- Understand the prevalence and burden of vasomotor symptoms (VMS) in perimenopausal and menopausal women
- Apply the clinical guidelines and the latest advances in research for hormonal and nonhormonal treatment options for VMS
- Assess the benefits, risks, and contraindications of non-hormonal treatment options for VMS management

Moderator: Michael M Myckatyn MD

### Speaker:

**Dr. Brian Fitzsimmons, MD FRCSc FACOG**

Clinical Professor-Division of General Gynaecology and

Obstetrics, Division of Gynaecologic Specialties

Vancouver Coastal Health (VCH)

Vancouver General Hospital

**Seasons in the Park-Summit Room**

**Tuesday, June 24, 2025**

**6:30 pm**

**Registration** [Claudia.Bullington@astellas.com](mailto:Claudia.Bullington@astellas.com) or text 437 351 8378
