mid august update

Oh so I finished the chamomile somno coda! 8D

It was deliriously fun. I greatly enjoyed going back to that universe. It always feels very healing and sweet.

The story is [valerian, borealis, and other unusual marital aids](#), and it's about 17K, two-parter. Please enjoy.

Now that's one thing off my list of fic shit to do. Again, suggestions on what next are welcome. There's the TWYCC epilogue to finish, and there's the TSAD epilogue/sequel to write, exploring the aftermath of that story, or anything else you would care to name. I have Many Stories.

Podcast should also go up this week; I'll be editing it today and hopefully it's not SUPER haunted.

Hi how are y'all.
