

12th Annual New to Sea Kayaking Workshop Series

How do I start?

How do I find others to kayak with?

What do I need to kayak camp?

Which type of kayak should I get?

Don't miss our annual **New to Sea Kayaking Workshop!**

LEARN!

- About safety and what equipment you'll need.
- Find out what a beginner's trip is like.
- Plan future adventures.
- Discover places that offer classes.
- Mingle with new and experienced fellow kayakers.

Basic Overview: We cover everything from how to choose equipment and on water safety techniques, to training and kayak camping. If it involves sea kayaking, we'll chat about it. Join us for just the on land workshop or continue and transition to the water via the pool, lake and finally the ocean! Open discussion and questions welcome! All events are **free** but joining NSPN is highly recommended (annual membership is only \$15).

Refreshments will be served at the April workshop!

You can register by completing this registration form.
