Workmen Prevent Fire in Oil Tank

Prompt Cutoff of Valves Saves Disastrous Spread Of Flames

Prompt action by workmen in shutting vales prevented a disastrous blaze late yesterday afternoon when fire broke out in a pump house a the depot of the Pure Oil Company on South Warren Street.

This act and quick response by firemen resulted in the flames being held in check and the only damage was to the building housing the pumps and the machinery. The loss is estimated at several hundred dol-

The fiames were of undetermined origin, and broke out shortly after o'clock. Workmen immediately_clos valves on large pipe lines leading to storage tanks and attempted to battle the blaze with extinguishers. When the flames got beyond their control, they turned in an alarm

Young said that it has been samed that some of the men persuaded to go on strike last Friday are being denied the privilege of work-ing and are being placed back on a ood-order basis.

Another condition to be protested, Young said, centres about the claim that while the ERA workers have repeatedly expressed a willingness to work for all cash relief received, the Mercer County Relief Administration has charged clients for food orders received two months back and is asking the men to work 24 hours a

week to pay the debt."

Young declared that an arbitration committee named to consult with Fred J. Kroesen, Mercer relief director, was refused an audience Mon-

We extend to you a cordial invitation to visit our store.

Did you create Old Golds especially for people with sensitive throats?

Dear Miss Del Rio:

Our aim, when we created Old Golds, was simply to produce a smoother cigarette than America had ever known before . . .

A cigarette that would appeal to everyone by reason of its mellow mildness-its freedom from rasp and bite.

The tobaccos used in Old Gold are free from artificial flavoring and other seasonings. Hence the throat-ease... without any irritation even for the most sensitive throat.

> Sincerely, P. LORILLARD COMPANY, INC. ESTABLISHED 1760

P. S.—Another outstanding reason is this, Miss Del Rio: - No better tobacco grows than is used in Old Gold. And it's pure. That's why Old Golds are easy on the THROAT and NERVES.
