

Kathleen Kennedy Becomes Marchioness at Simple Civil Ceremony

Married To Son of Duke At Town Hall

British and American Families Linked By Ceremony in England

LONDON, May 6 (AP).—Miss Kathleen Kennedy became the Marchioness of Hartington and prospective Duchess of Devonshire today in a simple civil marriage ceremony linking the ancient British Cavendish family with the wealthy Kennedys of Boston.

The ceremony was performed in the presence of one of the bride's brothers and members and friends of the bridegroom's family by Registrar Frederick Stream, at Chelsea town hall. There was no indication tonight whether a religious ceremony would be held.

The 26-year-old Marquis of Hartington, son of the Duke of Devonshire, and his 24-year-old bride, daughter of Joseph Kennedy, former ambassador to the Court of St. James, left after a reception for 200. Bound by train for Eastbourne to begin their honeymoon. When they arrived they were obliged to walk a half-mile from the station to Compton Place, one of the Duke's homes.

At Eastbourne, the marquis told reporters that "no arrangements have been made for a church service," which must be performed by a Roman Catholic priest, if the union is to be recognized by the church of the bride's family. The Cavendishes, long prominent in British history, are members of the Church of England, which recognizes civil ceremonies.

The bride, wearing a simple frock of pink crepe, a turban of blue and pink feathers and a pink nose veil, had arrived breathlessly

Flays Borden

Miss Emma E. Dillon

at the town hall, and dashed up the steps to the registrar's office on the second floor. There the ceremony was witnessed by the Duke of Devonshire, the bridegroom's father, and Lieutenant (j. g.) Joseph Kennedy, Jr., the bride's brother. Others present included the Duchess of Devonshire, the dowager Duchess of Devonshire, Lady Elizabeth and Lady Anne Cavendish, sisters of the bridegroom; Lady Astor, the Marchioness of Salisbury, and the Duke of Rutland. Both the bridegroom and Rutland wore Coldstream Guard's uniforms.

Speaker

Rev. Dominic Rapp

Members of the Holy Name Society of the Church of the Sacred Heart will hold their annual Communion - breakfast next Sunday, Mother's Day. They will receive Holy Communion at the 8 o'clock mass and then have breakfast in the church basement. Father Dominic, principal of Trenton Catholic Boys' High School; the Rev. Frederick J. Halloran, Sacred Heart pastor; and the Rev. Matthew Wyse, society moderator, will be the speakers.

'Dictator' Charge Hurlled at Borden

Trenton Lawyer Urges G. O. P. 'Independence Day' on May 16

Accusing County Chairman William S. Borden of "dictatorship" and calling upon Republicans to celebrate an "Independence Day" in the May Primaries on May 16, Miss Emma E. Dillon, former member of the county committee and prominent Trenton lawyer and club woman, last night called for the election of Edward A. Stevens for sheriff and the other independent candidates on the G. O. P. ticket.

Miss Dillon declares Borden is trying to set himself up as a "Little Hitler" in Mercer County and adds that he has no right to disobey the election law by endorsing candidates whether he likes it or not.

Miss Dillon's statement follows: "On May 16 the Republicans of Mercer County will have the opportunity to take their stand against dictatorship. "When County Chairman Borden and his small coterie of advisers assumed the right to say to the Republicans of this county, 'these are your candidates, take them and like them,' they flouted the spirit, if not the letter, of the Direct Primary Law. This small group attempted to take from the Republican voters of this county the right to determine who their candidates in the general election shall be. Mr. Borden completely ignored the county committee itself, which has no more right than anyone else to determine the candidates except through their individual votes on primary election day.

"It is fortunate that all of those who are running for nomination are fine men for the issue is therefore clear-cut; shall we have a dictatorship in the Republican Party in Mercer County, or shall we enjoy a free primary election on May 16? A vote for Edward A. Stevens, the independent Republican candidate for sheriff, and the other independent candidates will show Mr. Borden and the few Judge William H. Holly extended dictators to the Republicans of this county.

"The issue is far greater than a mere local election. The time has come when we must strike down dictatorship in whatever form it may take and wherever we find it. The present attempt of a county chairman and a small group to tell the Republicans of this county what they must do and like it, is dictatorship. "It makes no difference whether or not we like the Direct Primary Law. So long as it is a law, we should obey it in spirit as well as in letter and make our votes show we expect our county chairman to do the same. He has no more right to disobey this law than the entire county committee would have.

"Mr. Borden like many other men who have acquired a little authority is now attempting to set himself up as a little Hitler in Mercer County. I admire Edward A. Stevens for having the courage to stand in this election against this type of dictatorial power. The other candidates who are running with Mr. Stevens against the hand-picked dictators, are displaying the same courage, and a vote for each of them on May 16 will show that the Republicans of this county intend to remain politically free, and that anyone who feels he has the qualifications to confer office may attempt to be elected to it.

There is danger that many will feel that an election of this kind is not important because, compared with the great worldwide conflict in which we are engaged, it seems absolutely insignificant, but we must remember it was through such methods now being used by Mr. Borden that Hitler rose to power in Germany. We must never forget, Hitler was the head of a political party before he became the Fuehrer. It is our clear American duty to strike down this kind of activity wherever we find it, and especially on our own doorstep where it threatens one of the most precious rights each of us has—the right to determine by his own ballot what shall and shall not be done. "A vote for Edward A. Stevens and those who are running with him, will show that the Repu-

Tree-Planting Project at Crossing Park Completed

Former State Senator J. Gilbert Borton, in charge of State parks, congratulates 4-H Club member Lewis Coleman, of Clarksville, who spoke on "The Four Freedoms and the 4-H's" as part of a tree-planting ceremony held recently by Mercer County 4-H Club members at the old McKonkey Ferry House, Washington Crossing. The ceremony, in which two Pin Oaks were planted at the Ferry House, marked completion of a 20,000-tree planting project at Washington Crossing Park, conducted to determine species best adapted to use as fence posts. The 20,000 young trees were set out by Mercer 4-H boys and girls to help relieve the labor shortage.

Ward Co. Fights Plant's Election

Contends Workers Are Now Employes Of U. S. Government

CHICAGO, May 6 (AP).—Montgomery Ward officials sought to cast legal doubts on the validity of a collective bargaining election held in a Government-seized plant today as Federal District Judge William H. Holly extended a preliminary injunction restraining Ward from interfering with operations in the plant.

Ward attorneys, meeting in closed session with Judge Holly, contended that when the Government seized Ward's Chicago properties last week, the Ward workers became Federal employes, and therefore are prohibited by law from participating in collective bargaining elections. Company officials protested when Judge Holly extended his original 10-day preliminary injunction, which was due to expire Sunday night, on grounds that it would be impossible for the National Labor Relations Board to conduct a valid election while the plant is under Government control.

George J. Bott, regional NLRB director, said the election would be held Tuesday as originally planned. Judge Holly said that he would rule Wednesday on the Government's motion for a temporary injunction, which would continue to prevent company officers from attempting to resume control of the plant while it is being operated by the Department of Commerce.

Nazi Transports Sunk by Russians

WASHINGTON, May 6 (AP).—Industrial users of rationed foods will receive point allocations after May 15 from OPA district offices or special boards instead of from local rationing boards, the Office of Price Administration announced today.

The change is intended to reduce overburdened local boards, the agency said. Industrial users are concerned such as bakers and candy manufacturers.

Legion to Conduct Trenton's 24th Poppy Day on May 27th

Detachment of WACS And Band Will Parade In Centre of the City To Boost Sales

The 24th annual Poppy Day, symbolized by the red flower of hope, will be held Saturday, May 27, in Trenton.

On that day, members of Trenton Post No. 93, American Legion, including a number of veterans of World War II, and the auxiliary will distribute the poppies to aid the men who have served their country. Joining in the commemoration will be a company of the Women's Army Corps and a band from the New York area which will parade through the central section of the city in a colorful display.

Commander Taylor E. Richardson of Trenton Post in calling for cooperation from the citizenry said: "The veterans in need, the veterans ill in hospitals look to us on the home front to do what we can in their hour of need. The purchase of a poppy is your link with these men who have served their country honorably."

Patrick J. Bartley, chairman of the Poppy Day Committee, said: "Remember, the money will not be used for anything else except the needs of ex-service men less fortunate than ourselves." Last year the poppy day drive resulted in a collection of \$4,937. This year the goal is \$6,500. A total of 60,000 poppies were made last year for distribution in Trenton. This year 100,000 poppies have been made for use in the Trenton area.

Assisting Bartley on the general committee are the following: Walter D. Clayton, business administrator; Edward H. Barber, manpower chairman; with Milton Cohn as co-chairman; Edward G. Dolton, chairman of State office solicitations; Leon Smith, city hall chairman; Mayor Andrew J. Duch, large donors committee; Dr. Harry D. Williams, medical; Dr. Nathan Eyer, dental; Thomas E. Kinney, industrial; Donald E. Lanning, chairman of the patrons' committee; Taylor E. Richardson, transportation; W. P. Ingalls, chairman of the food committee; James W. Reams, schools; John Paul, window displays; Roland F. Cowan, publicity.

Commander

Taylor Richardson

Ernest S. Glickman, radio, and William Sneath, bands. Mrs. Patrick J. Bartley is general chairman of the auxiliary committee, assisted by Mrs. Miles Johnson, auxiliary poppy day chairman, and Mrs. Anna Lodge, chairman of the poppy poster contest.

In preparation for the annual event, a program of decorations is being carried out in which office buildings, stores and private individuals are cooperating.

Montgomery Ward Seizure Called 'Dictatorship' by Edge

(Special to the Sunday Times-Advertiser) ATLANTIC CITY, May 6.—No dictatorship abroad is more complete than the authority claimed by the Federal Government in the seizure of Montgomery Ward & Company, Governor Edge told the State Association of Manufacturers tonight.

Attorney General Biddle was quoted by the Governor as stating the legality of the executive seizure order rested simply on the President's exercise of his powers as "Commander-in-Chief of the United States."

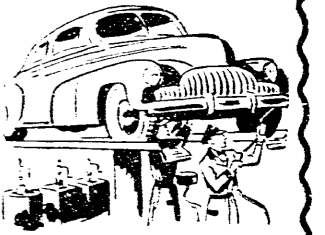

"You will notice," said Edge, "the Chief Executive's control has been enlarged from that of 'provision of the army and navy' which is clearly provided under the Constitution, to 'Commander-in-Chief of the United States.' This is a new title to me, and if unwisely used, as I believe it was in the case of Montgomery Ward, would lead to a situation where Congress and the courts would be absolutely impotent."

"If organized business needs any more incentive than offered by Government action in the Montgomery Ward case, then there is little your State government can do for you."

Comments Industry
New Jersey industry and manufacturing was commended by the Governor on the record it has achieved in war production, the figure exceeding 10 billion dollars. Edge said the State should be in a favorable position after the war for conversion to peacetime production because of the wide diversity of industries. Accordingly, he declared he saw no reason why there should be any prolonged or extensive volume of unemployment in the State.

Postwar planning should not wait until the war ends, continued the Governor, who outlined steps being taken by the State to meet the situation. At the same time he expressed concern over the question of Federal subsidies. He is opposed, he said, to the Federal Government dealing indiscriminately with State and subdivisions and deciding where the money should be spent. Instead,

he favors lump sum allotments to the States for expenditure as seems to the best interest. Support of the proposed new State Constitution was urged by the Governor in concluding his address. "Business and industry cannot continue to oppose social legislation too strenuously, neither can business and industry be too captious about each and every provision of the new Constitution or take the position, as your organization has on occasions, that a few minor imperfections warrant a wholesale rejection. Let us bear in mind the only salvation business and industry will have from extreme Federalization after the war will be a strong, well-operated State government."
